In our never ending pursuit to produce the finest instruments and accessories we are proud to announce the all new Perfect Series Cabinets. These icons of sound are the result of a tireless effort by our astounding team of musicians and engineers at Doyle Audio, to create a line of cabinets that will immediately earn their reputation for superior construction and amazing presence.

The entire line of Perfect Cabinets are hand built to exacting specifications, by real craftsman, which produces a cabinet of professional touring quality. Everything from the front loaded speakers, to the interior seals, to the internal positioning of the drivers, results in a dynamic sound, response, and structure that you will surely appreciate.

ALL CABINETS ARE AVAILABLE WITH CUSTOM COLOR GRILLS

- SOLID SEALED FRAMES & MOUNTINGS
- CUSTOM TUNED & POSITIONED DRIVERS (LESS OFF AXIS PHASE CANCELLATION / LOBEING)
- MATCHING CONE MATERIALS (RETAINS SOUND INTEGRITY)
- DISPERSION BALANCED DRIVERS (REDUCES UNWANTED OVERDRIVE DISTORTION)
