

The Perfect Strings

THE PERFECT SERIES Strings

These all new Brooklyn Gear Strings are designed by musicians, for musicians, with one goal in mind: to create "The Perfect String". We started by creating an all new alloy we call BG⁹ that is formulated from a unique combination of raw materials whose thermal expansion properties are unmatched on the market today.

We tested and re-tested our coil structures in both the lab and the sound room until our team of skilled artisans and engineers we're truly satisfied. The results of our labors have been well worth it.

The combination of our BG⁹ core and superior manufacturing brings you a string that produces a brightness and sustain that you can hear as soon as you hit the first chord.

Whether you play acoustic or electric, loud or soft, these Brooklyn Gear Strings will soon become a must on your musical journey.

- UNIQUE BG⁹ CORE ALLOY
- SUPERIOR BRILLIANT SOUND
- LONG LASTING SUSTAIN
- PREMIUM QUALITY
- AFFORDABLY PRICED
